NBA Accredited Diploma in Computer Engg. (2019-22)]  
Nedupuzha, Thrissur, Kerala, INDIA – 680 007 web: gwpcsr.ac.in

National Conference on

**"Online Teaching & Learning –  
Lessons from the Covid-19 Pandemic"**

20<sup>th</sup> and 21<sup>st</sup> November 2020

Sponsored by

State Institute of Technical Teachers' Training & Research (SITTTR)  
Department of Technical Education

## About Govt. Women's polytechnic College, Thrissur

Govt. Women's Polytechnic College, Thrissur, is the only Women's College in Govt. sector in Thrissur and one of the pioneer institutions in the field of Technical Education. Being an institution dedicated to the empowerment of women, it has been serving the people of this land for the past 58 years, since its establishment in 1962. We offer 3 years Diploma in Computer Engg, Electronics Engg. and Commercial Practice. Located at Thrissur, the cultural capital of Kerala, many students who passed out from this institution have achieved great heights in their personal life and have also brought glory to the nation with their contributions. This institution since its inception has been working with its mission of developing and promoting quality technical education to Women from Thrissur and from other districts of Kerala. We have hosted many State, National and International programmes for faculty of Technical Education in our campus during last few years.

### Our Vision

To be a centre of excellence for empowerment of women by developing professional competencies and skills with social orientation through value-based technical education

### Our Mission

- M-1:** To have state-of-the-art-infrastructure.
- M-2:** Enhancing engineering skills and creativity through innovative Teaching-Learning methods.
- M-3:** Imparting technical knowledge and skills with values and ethics in tune with current industrial trends.
- M-4:** Inculcating leadership qualities and commitment to society & environment.

## State Institute of Technical Teachers' Training and Research (SITTR)

The SITTR is the only centre of its kind established by the State government of Kerala under the Technical Education department with the aim of promoting Technician Education. The center started functioning in 1990 mainly catering to the needs of Polytechnic Education in the state. Regular curriculum revision, its effective implementation, the associated training of educators, academic monitoring, development of learning materials & lab manuals are the major functions. Gradually as the National skill development mission, MHRD and other departments and agencies started focusing their attention on increasing technicians and skilled manpower in the country, the mandate of the Centre also expanded to other aspects of developing Skilled Technicians in the State.

## OBJECTIVES

The pandemic COVID has drastically affected every aspect of Man's Life, including academic activities where it has caused an unprecedented disruption, as a result of which the academic community had to quickly change over to an 'Online mode of Teaching & Learning'. The conference is intended to provide an opportunity to Research scholars including diploma, undergraduate, postgraduate students, academicians, Industry personnel and other key persons to share their novel ideas and explore new areas of Research and development in the different aspects of 'Online Teaching and Learning'. It will provide a professional forum to discuss and apply the most recent knowledge pertaining to online platforms, technical requirements, physiological and psychologi-

cal issues and other aspects of Web based Learning. It will present a means of evaluating the use of technology, new tools, new methods in everyday T-L activities and academics so that best practices could be adopted for using during and beyond the pandemic. The sessions will be chaired by eminent academicians.

## Conference Theme

Understanding the Transformation of Academics due to the Covid - 19 Pandemic, leading and managing the Teaching and Learning during the corona crisis and embracing the New Normal.

## Discipline

- **Online teaching - Teacher's perspective**
- **Online learning - Student's perspective**
- **Online assessments & Examination**
- **Data Security & Quality Assurance in Online Education**
- **Technology & Platforms for online education**
- **OBE through Online Teaching & Learning**
- **Teacher Skill sets in Online Education**
- **Learner skill sets in Online Education**
- **Online Education : Cost effectiveness**
- **Online Education : Certification**
- **Thought on open book examinations**
- **Skill training in Online platforms**
